WILLOWOOD COC

CROP OIL CONCENTRATE

PRINCIPAL FUNCTIONING AGENTS

Paraffinic Petroleum Oil.....	83.00%
Poly fatty acid esters and polyethoxylated derivatives thereof.....	17.00%
Total.....	100.00%

All ingredients are exempt from tolerance levels in CFR 40, 180.1001 (Product weight at 20° C is 7.40 lbs/gal.)

GENERAL INFORMATION

Willowood COC is a combination of surfactants and superior paraffinic oil designed for use with agricultural chemical spray programs to optimize product performance by increasing penetration into the leaf surface, giving more uniform wetting and more uniform distribution of the active material. Provides improved retention of pesticide deposits under adverse weather conditions.

DIRECTIONS FOR USE

Read directions and conditions of sale. Use in strict accordance with pesticide label cautions, warnings and other directions. CAUTION: Keep container tightly closed. DO NOT allow water to be introduced to contents of this container. In the treatment of new varieties or highly inbred lines, a test area is suggested. Do not use Willowood COC in sprays applied during periods of extreme high or low temperature and/or humid conditions. Willowood COC should not be used with any product whose label recommends against the use of a surfactant.

PREPARATION OF SPRAY MATERIAL

1. Fill spray or mix tank with 1/2 to 3/4 the desired amount of water. Start mechanical or hydraulic agitation.
2. Add the required amount of pesticide and then the remaining volume of water and mix the contents thoroughly.
3. Add the required amount of this product and continue agitation until a uniform mixture is obtained.

Note: Maintain constant agitation of the spray mixture during standing and application to assure uniform pesticide application.

IMPORTANT – READ PESTICIDE LABEL BEFORE USING THIS PRODUCT COMPATABILITY

Willowood COC can be used with wettable powder, emulsifiable concentrate or solution formulations of most of the pesticides, insecticides and miticides now on the market.

GENERAL RECOMMENDATIONS FOR USE

Defoliants, Desiccants: Use 1 to 4 pints of Willowood COC per acre in combination with the recommended defoliant or desiccant.

Insecticides & Fungicides: Use 1/2 to 2 pints of Willowood COC per 100 gallons of spray solution in combination with the recommended fungicide.

Herbicides: Use 1 to 4 pints of Willowood COC per acre in combination with the recommended herbicide. Exercise caution with selective herbicides.

Note: The above use recommendations are considered to be adequate for most uses. Some pesticides, however, may require higher rates for optimum effect. Follow the pesticide label directions when this occurs. However, do not add this product at a rate which exceeds 5% of the finished spray volume.

SHAKE WELL BEFORE USE

PRECAUTIONARY STATEMENT

CAUTION

Keep Out of Reach of Children

Hazardous to humans and domestic animals. Harmful if swallowed. Avoid contact with eyes, skin or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

FIRST AID

If this product gets into eyes, immediately wash the eyes with large amounts of water for at least fifteen minutes. Seek immediate medical treatment. If this product gets on the skin, immediately wash the contaminated area. Seek medical attention if skin irritation persists. If this product has been swallowed and the person is conscious, immediately give large amounts of water. Do not induce vomiting. Seek immediate medical treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Follow all governmental procedures for the disposal of pesticide spray solutions. Triple rinse container, empty rinsate into spray tank. Dispose of empty container according to approved local practices; contact county agricultural commissioner for disposal information.

CONDITIONS OF SALE

Follow directions carefully. Timing and methods of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
